

Article XIV. Students with Disabilities

Students with Disabilities – Any student with a disability has the right to request reasonable accommodations in order to ensure their full and equal participation in the conduct process. Students wishing to request reasonable accommodations should make those requests in advance (1-2 weeks prior to the date that the request is needed) directly to the Office of the Associate Dean of Students. Students do not have to disclose details regarding the conduct issue to the Disability Services (DS) office to request reasonable accommodation, except to the extent that it may assist in the determination of reasonable accommodations. Accommodations are determined on an individual case-by-case basis by DS staff in consultation with the Associate Dean of Students.
